

Hello Neighbor,

We are the Jones family – Rowan, Cherie, Jordan (10), Jackie (8) – and we love this neighborhood.

Our current home, near Juanita Village, has quickly become too small and we are looking for more space as our family grows. We have both grown up in Kirkland. All our family remains in the area and are wanting to keep our family roots in the Kirkland neighborhood.

Cherie works nearby as a teacher at Juanita High School and Rowan is a small business owner in the Seattle area. We fell in love with the idea of raising our kids near their cousins, aunts and uncles, and grandparents – it takes a village after all! We have heard how special, and community driven the Kingsgate neighborhood is and would love to be a part of it!

When we describe our perfect forever home, your home checks all the boxes. Both of our kids are very active, and sport driven. The beautiful yard is something we have dreamt about for years and being able to create memories and provide our young kids with such a special yard space would be an absolute dream come true.

We hope you will consider our family if (or when) you feel ready to sell. This place would quite literally be our forever, dream home.

Sincerely,
Rowan & Cherie Jones

The Jones Family
